Product List

GOT2000 Series

The GOT2000 inherits all the features of GOT1000 series, and introduces a more refined and advanced function set.

- ▶ GT27 Model
- ▶ GT25 Model
- ▶ GT25 Wide Model
- ▶ GT25 Rugged Model
- ▶ GT25 Open Frame Model
- ▶ GT23 Model
- ▶ GT21 Wide Model
- ▶ GT21 Model
- ▶ Handy GOT
- ▶ Peripheral Equipment

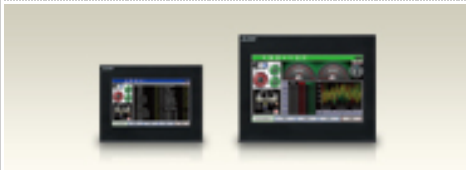

GOT1000 Series

The GOT1000 series offers six classes of terminals including handy type models to fit any system or budget requirement.

- GT16 Model
- GT14 Model
- GT10 Model
- Handy GOT
- Peripheral Equipment

GOT SIMPLE Series

The GOT SIMPLE series offers simple, but powerful models with a high reliability for easy operation.

- ▶ GS21 Model

GT SoftGOT

GT SoftGOT is an HMI software that allows GOT functions to operate on a personal computer or panel computer.

- ▶ GT SoftGOT2000
- GT SoftGOT1000

License

Licenses for GOT extended functions that are designed to suit your applications.

- ▶ GOT Mobile Function License
- ▶ VNC Server Function License
- ▶ MES I/F Function License

FA Application Package iQ Monozukuri

Optimized products with knowhow for supporting problem solutions in manufacturing.

- ▶ iQ Monozukuri Process Remote Monitoring
- ▶ iQ Monozukuri ANDON

- ▶ Remote Personal Computer Operation Function (Ethernet) License
- ▶ GOT Drive Plus License
- ▶ GT Works Text to Speech License

Engineering Software

MELSOFT GT Works3 improves screen design efficiency and utilizes existing data. Professional designs can be achieved with just a few clicks.

- ▶ iQ Works
- ▶ GT Works3 Version1
